- **Functional capacity** — matched against the physical demands of the role.
- **Medical screening** — general health screen, doctor-reviewed.
- **Fitness for duty** — role-specific clearance.
- **Psychological assessment** — where the role calls for it.
- **Substance screening** — where the role calls for it.

Why water authorities are moving to Preventli

Lower Murray Water has been running Preventli in production since June 2026. Since adopting a proactive, data-backed approach to worker health, LMW's TRIFR has fallen from 28.7 to a historic low of 5.12 — the first time in the organisation's history below 10 — alongside a 9% reduction in WorkCover premium.

Pricing

\$49 per check, flat. No monthly minimums, no hidden fees — every pre-employment assessment type, one price.

Preventli — WorkCover claims made preventable. Built on 30 years of WorkCover expertise and 3,000+ cases managed.
